

السلام عليكم  
•  
**Hey there.**

**If you are reading this,  
It means one thing.**

---

You are serious about  
**earning the  
pleasure of Allah.**

**And what better way to do that  
than by seeking beneficial knowledge of Islam?**

---

**Knowledge that  
corrects belief,  
refines worship,  
and shapes character.**

But you are not someone who settles for ***mediocrity***.

**You are looking for something:**

---

**structured in one place,  
distraction-free, and taught  
by authentic and trusted  
instructors**

- not random lectures, endless clips and confusion.

**And let's be honest.  
You don't just want information.**

---

**You want knowledge that:**

**Transforms you, strengthens your worship,  
refines your character, benefits your family,  
and prepares you to serve your community.**

**Real change.  
Real knowledge.**

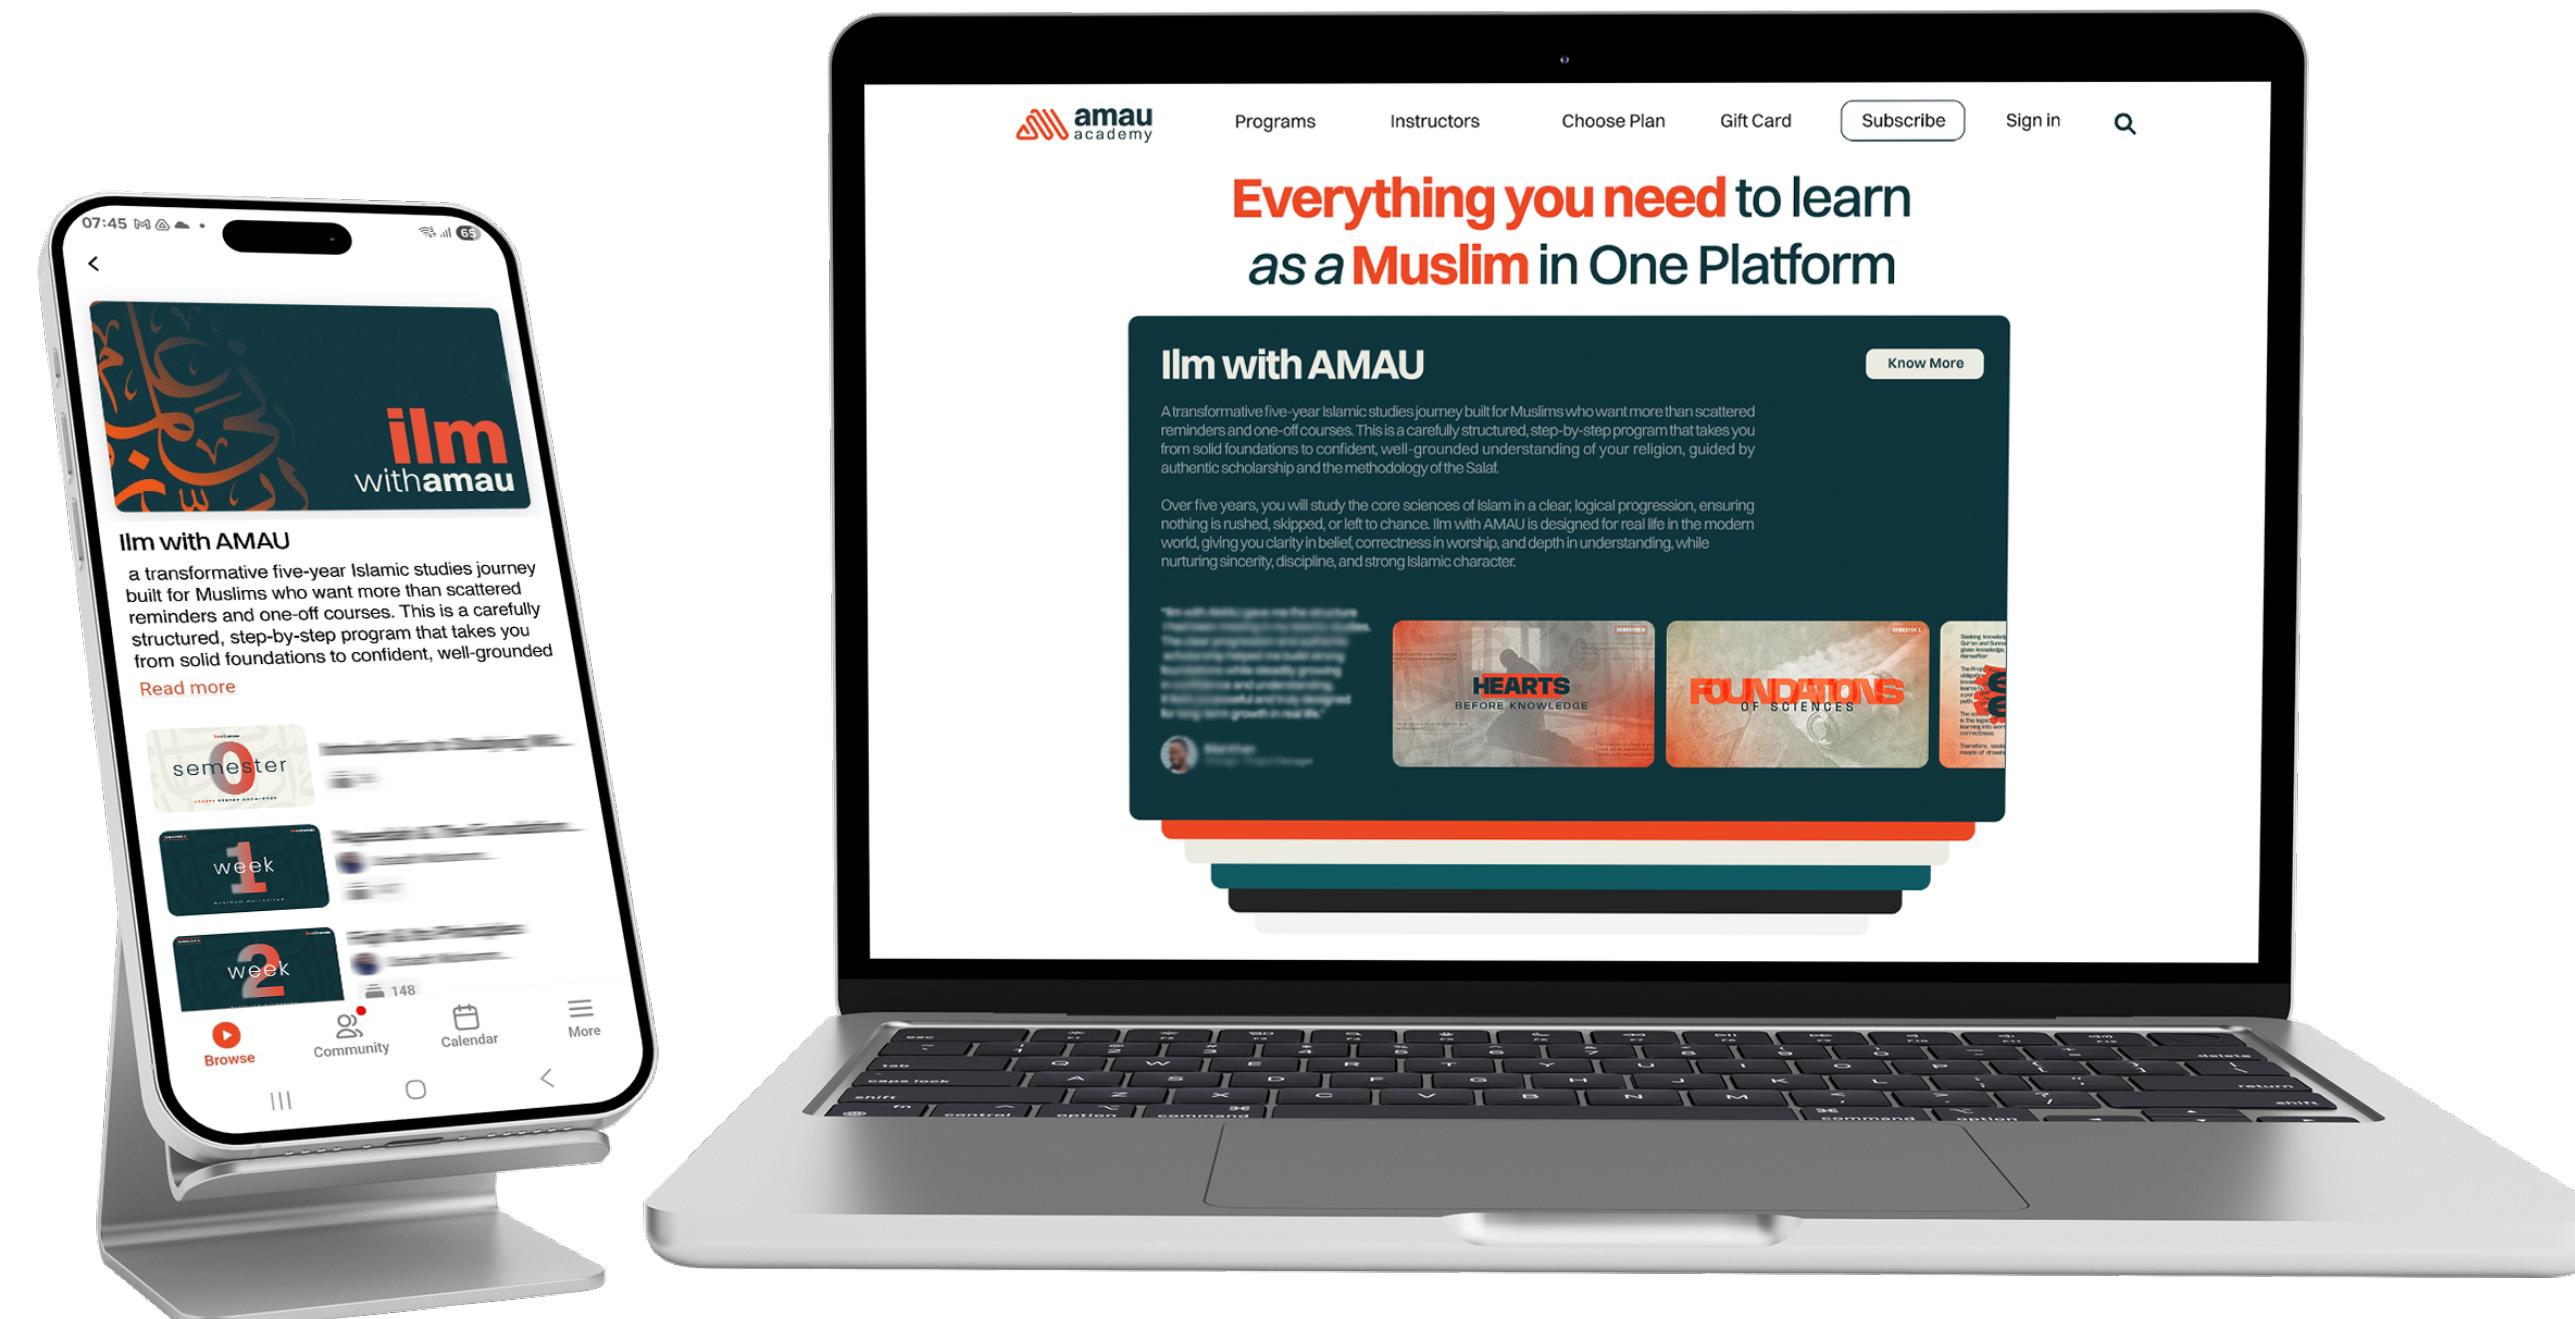

**If you are still reading this...  
that tells us something.**

---

This programme  
**is for someone  
exactly like you.**

# Introducing **ilmwithamau**

**A clear, structured, five-year path to understanding Islam properly.**

Your **first question**

The answer is **simple**.

Each with a clear purpose.  
Each designed to transform you.

**Fiqh 02**

**Tafseer 03**

To understand the Qur'an as the scholars understood it, so it guides your thinking and decisions.

**Hadith 05**

To live by the guidance of the Prophet ﷺ, rooted in authentic narration, not opinion.

**Aqeedah****Aqeedah 01**

To establish correct belief based on clarity and proof, so your worship is sincere, and your faith is protected.

**Seerah 04**

To see how Islam is lived in real life, through patience, wisdom, and leadership.

**Tarbiyah 06**

To refine your heart, intentions, and character, so knowledge produces humility, not pride.
